Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: In conversation with applicant's representative, Randy Lacasses, Mr Lacasse demands that the admendment after final has to be entered because (1) the purpose of interview after final is to put the case in condition for allowance (2) the new limitation presented in the claims is suggested by examiner. Examiner disagrees with applicant because (1) the purpose of interview is to understand examiner position and to present applicant position. From there,(in this case) claims can be amended so as to overcome the rejection. (2) the new limitation is suggested by both applicant's representative and examiner (not by only examiner). (3) after receiving "Draft for Interview Purpose Only" via fax on June 17, 2003, applicant's representative, Ramraj Soundarajar called to discussed the limitation "positive and negative" to be added. At this time, examiner told Mr. Soundaraja that the new limitation requires futher consideration/and or search, and Mr.Soundaraja said that IBM now only concerns about overcome the rejection. Applicant' representative, Randy Lacasse demands entering the amendment after final and allowing the application is not possible because the new limitations require further search
